Freccia Cutting System

 **FKgroup®**
Made in Italy 

Freccia

Innovative automatic cutting system Conveyor type for lays up to 2.5cm compressed height. **Freccia** is the ideal solution for small and medium size productions able to cut fast all kinds of fabrics allowing to drastically reduce energy consumption; this and other advantages allow a substantial production cost reduction.

JUST CUT: the simple and intuitive software makes all cutting parameters setting fast and safe.

The compact and refined styling makes it perfect for any work environment.

To complete all the characteristics that make Freccia unique, there is the remote technical assistance, also via Web, that ensures just in time total and constant support to the operator, thus allowing working in complete peace of mind.

No Stop Cutting system involving two alternative methods: Continuous Cutting software to enhance cutting while advancing, Quick Release Vacuum suitable for high ply cutting (optional).

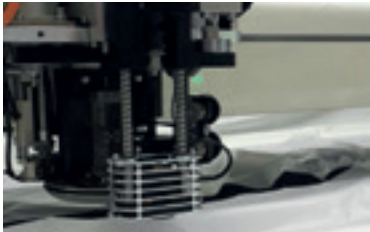

Average power consumption 5.5kW

Industry 4.0
READY

Working Area (cm)	180 x 180	200 x 180	250 x 180
Overall dimensions L x W x H (cm)	405,9 x 283,6 x 214	405,9 x 303,6 x 214	405,9 x 353,6 x 214
Weight (Kg)	2200	2350	2650
Installed Power (kW)	14		
Average Consumption (kW)	5	5	6
Power supply Tension	400V±10%		
Max compressed lay height (cm)	2,5		

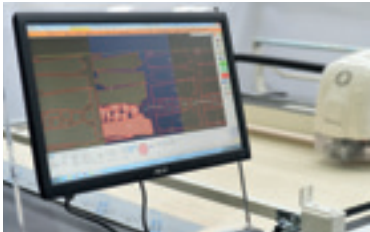

With the aim of improving its machinery FKgroup reserve the right to change the technical characteristics without prior notice.

Single or double drilling device with variable heat control.

Bar Code System for marker loading.

Tool ISO Editor image position, notches, drill holes, lines.
